

Die manne agter die skerms / People behind the scene

Die twee pype links kom uit die tenkers uit! Die pyp aan die regterkant kom van vyf boorgate uit die Hans rivier. Dit is die resevier wat Beaufort Wes bedien.

The two lines on the left are from tankers; the pipe on the right is from five boreholes in the Beaufort Wes region that feeds their reservoir.

Oranje Rivier tanker besig om water lang die pad in te tap oppad Beaufort toe!
Christopher Wright werksaam by die resevier
